

# THE ARTISTRY HUB - UVAS

University of Veterinary & Animal Sciences, Lahore

## Event Report

The most awaited and very first event of team, 'Nature Culture and Arts' now renamed as 'The Artistry Hub - UVAS' was held on 15th May 2017, was indeed a great come back with new shiny faces in cabinet. The event was named GOLA DAY.

Reason behind celebration of quite a unique and somewhat out of the thoughts day was just to give a relief to our students from hectic routine of examination. The zeal and zest of UVASIANS was high as always. In some way, people forgot about the sunny summer and scorching heat of sun. They were amused to see different game stalls and got themselves indulged in them.

The day started with ribbon cutting by our Worthy Vice Chancellor Prof. Dr. Talat Naseer Pasha and in Presence of Senior Tutor Sir Kamran Ashraf and other faculty members was highly commendable. The 'Ice stick stall' was central and of course the eye catching spot of event. Team focused on even the minor cultural points and made event successful.

The day was ended with so many beautiful memories.
