TWO DAYS' NATIONAL WORKSHOP ON EQUINE SONOGRAPHY AND BASIC FARRIERY

**25TH - 26TH FEB
2020**

Course Description:

The equine distal forelimb ultrasound workshop is designed for the practicing vets/ students confronted with challenges to diagnose and locate the seat of lameness in the equine flexor tendons. The focus of the Hands-on training is to enable the participants in correctly scanning the musculoskeletal structures of the equine distal forelimb as well as to locate lesions in the lame athletic horse. The farriery work-up will provide an insight pertaining to lameness due to foot conformation; the participants would be better able to work closely with the farrier to ascertain well-being of the horse under their treatment".

Venue: Conference Hall, UVAS and Lahore Polo and Country Club, Lahore.

Registration Information:

Course Fee: Rs. 2500/- for both days.

Registration Deadline: 20th February, 2020.

Registration includes lectures, hands-on practical demonstration and individual instruction, refreshments/ lunches and file. Registration is open on a first-come, first-served basis. Maximum limit: 25 participants.
