NOTICE

TiE Islamabad has recently launched the “TiE University program” a project of TiE Global that aims to nurture start-ups run by university students. The TiE university program features a **global pitch competition that is purely designed for university start-ups** and brings together startups, TiE members, external mentors, coaches and ecosystem partners. Participants will be provided with detailed mentoring sessions, boot-camps and workshops before pitching to a jury panel at the local pitch competition. Ultimately the winners will be representing the chapter at the global competition and compete for **cash prizes worth \$100,000+**.

Benefits for students:

- Cash prizes worth USD 100,000 plus in-kind prizes (e.g. Cloud credits, Technology, and startup services)
- All students get added to a global pool of internship opportunities
- Free workshops and boot camps to build their resume and entrepreneurial goals
- Mentorship by TiE Leaders and business leaders from participating sponsors
- Certificates/Citations.

Benefits for Institutions:

- Global recognition for the teams as well as the universities
- Access to investors for student led startups
- Promoting entrepreneurship as an alternative career choice
- Providing students with access to international markets
- Access to a pool of 2000+ potential employees/ Interns

For program details and further queries, please visit <https://tieuniversity.org/pc/#TiE-U-P-C>

Last Date to Apply: February 15, 2022

It would be appreciated if the information is widely circulated among your esteemed students, recent alumni, current/graduated startups, researchers, and faculty members.
