Instructions to avoid any issues during the Online Examination

-)] Login into the system at least 10 minutes before the start of Exam.
-)] Make arrangements of stable internet connectivity and associated logistics in advance throughout the online examination period as per the notified date sheet.
-)] Only those students should attempt to login into the system whose exams are scheduled on the said date and time.
-)] Exams must only be taken through Google Chrome, for this purpose an updated version should be installed prior to the exam.
-)] Do not attempt to use Refresh, Back and Forward buttons in any case, as it may end up displaying false timers of your system, whereas at the backend CTS Exam timer is operating only at the server thus you will only end up wasting your precious time. CTS Server Timestamp will be displayed above each question for your reference.
-)] Must submit your last question before your CTS Exam Timer expires i.e. (0:00) otherwise your last answer will not be accepted in any case.
-)] Your CTS ID and Password is your exam identity. Students must change their default password immediately; otherwise, anyone can easily attempt, control, interrupt and misuse it.
-)] Students should never share their password with anyone. If they have to share it for some troubleshooting, they must change it afterwards as soon as possible.
-)] Never save your password on anyone else's device/ phone. If you have done so, change your password immediately.
-)] Read the instructions provided below CAPTCHA carefully. If nothing is written there it means you have to type the whole CAPTCHA. If instruction is there, read carefully and perform / act accordingly.
-)] After login start the exam by selecting the "Semester" "Subject" and "Mid/Final" Exam fields carefully otherwise you will not be able to login at the right time.
-)] Do not try to login on multiple devices as it will interrupt the previous session and your exam
-)] It is not recommended to give exams through cell phone especially using Mobile Data. As incoming calls may interrupt your exam session.
-)] Restart your internet devices like Wi-Fi Router / Access point, 4G Devices at least 20 minutes before the start of exam.

Wish you best of luck for your exams.
